

VOLUNTEER SPOTLIGHT

August 2021

MEET IRYNA!

Have you noticed how the Center's website has been changing?

We would like you to meet the amazing person behind it all...

Iryna has been a volunteer at the Center since April 2020 and has contributed tremendously. When Iryna first started, she helped create flyers for our events. A flyer from Iryna you might have seen was for the Center's 24th Anniversary Celebration in 2020.

Currently, Iryna is volunteering her time helping with changes to our website. She is working on its visual content, re-designing, re-aligning it and working on the layout. We are very grateful for Iryna! The website is constantly changing at the moment with new edits so we invite you to check them out online!

VOLUNTEER SINCE 2020

LEARN MORE ABOUT IRYNA'S VOLUNTEER EXPERIENCE:

WHY DID YOU WANT TO VOLUNTEER AT THE CENTER?

I started volunteering at the Day Worker Center because I wanted to help people and non-profit organizations with my area of expertise and my passion in design. In these difficult times, the importance of effective online resources cannot be underestimated so I really wanted to contribute to my local community and apply my professional skills there.

WHAT HAS VOLUNTEERING AT THE CENTER MEANT TO YOU?

Staff at the Center is responsive and open to my proposals, super-friendly and easy to communicate with. The team is always full of ideas and open to new ones - that's the working environment I really like!

ARE THERE ANY SPECIFIC MEMORIES YOU HAVE?

We have only communicated online due to this challenging period but even though I work online and we only communicate electronically, I have felt (and feel) connected to the Center. I feel like part of the community and enjoy every email from the Center's staff even though we have never met in person.

Flyer created by Iryna for the Center's 24th Anniversary Celebration.

Check out the new changes at: www.dayworkercentermv.org

THANK YOU IRYNA!
