

December 2022

Dan has helped us have better WiFi signal at the Center!

THANK YOU DAN!

VOLUNTEER
SINCE:
2021

VOLUNTEER SPOTLIGHT

Meet Dan!

VOLUNTEER AREAS:

When we need some help with technology at the Center, Dan is always willing to lend a hand! He has been volunteering for about a year now and has been helping with information technology projects. One of the projects he has helped with is upgrading the WiFi network at the Center!

WHY DID YOU WANT TO VOLUNTEER AT THE CENTER?

People immigrating to the U.S. are often working some of the most essential jobs in our communities. I wanted to honor these workers, who are important to our day-to-day life. Additionally, I wanted to be part of an inclusive community that is welcoming to all!

WHAT HAS VOLUNTEERING AT THE CENTER MEANT TO YOU?

The Day Worker Center is an amazing community hub. Everyone who is involved in the Center is welcoming, supportive, and fun!

ARE THERE ANY SPECIFIC MEMORIES YOU HAVE?

Getting introduced to the song "El Rey" by Vicente Fernandez at the volunteer appreciation party by Ivan Canseco, who sang a cover of the song!
